

# November News

## What's Happening This Month

- November 18<sup>th</sup>-21<sup>st</sup>- Food Drive
- November 28-29<sup>th</sup>- Thanksgiving Break

## A Note From Mrs. Bulmer

We made it to November! Remember to sign up for conferences on December 4<sup>th</sup> and 5<sup>th</sup>. Looking forward to seeing everyone there and chatting about all the progress we've made this year!

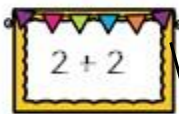

## A Peek At What We Are Learning

Reading

In November we are practicing ways to stay engaged in our reading. We will learn how to write a summary and will start doing inferences.

Writing

We are continuing to work on Informational writing. Kids will finish up their drafts and turn them into a nonfiction book.

Math

We're working through Module 2, with a focus on time and measurement. In the next few weeks we will begin Module 3, with a goal of making multiplication and division facts more "automatic".

Science

This month we are focusing on salmon and their life cycle Stages. We will learn how to label every fin on a salmon!
